

SCORE World Desert Championship 2015 Point System Policy

The 2015 SCORE World Desert Championship series for all classes including motorcycles and quads will consist of five races:

- Bud Light SCORE San Felipe 250 - Jan. 24
- Bud Light SCORE Baja Sur 500 – April 18
- Bud Light SCORE Baja 1000 Ensenada – Nov. 20
- Bud Light SCORE Baja 500 Ensenada – June 6
- SCORE Imperial Valley 250 - Sept. 26

1. The Driver/Rider of Record, and all team Co-Drivers/Co-Riders, must sign release forms and obtain a SCORE issued wristband. Failure to do so will result in the entry being disqualified and assigned zero points for the event.
2. In the event that a Driver/Rider of Record is unable to compete in an upcoming event, another SCORE member may act as a substitute Driver/Rider of Record. Only the driver/rider of record as listed on the official event entry form will be awarded championship points. This Driver/Rider substitution can only be done one time in a season (See Below**), and must be approved by the SCORE race director. The substitute Driver/Rider of record ruling will not be available for the season ending points championship race (Baja 1000); the Driver/Rider of record MUST race this event.
3. ** Mexican National Entrant ** - In a situation where any Mexican National Driver/Rider of Record is not able to participate in any U.S. SCORE International race due to restrictions on travel, they may request for another SCORE member to drive/ride and serve as a substitute driver/rider of record for U.S. events.
4. The Driver/Rider of Record must operate the vehicle and wear SCORE wristband for verification at either the start or finish of each event in order to receive SCORE World Desert Championship points. In a two-day combined event, DOR/ROR must start at least one of the two days. Failure to do so will result in the entry being disqualified and assigned zero points for the event.
5. A competitor who is disqualified at a SCORE event will receive zero points for that event.
6. Only the official class results will be used in calculating Championship points for each event.
7. A competitor who is designated in the official results as a finisher will receive the sum of Starting Points, Placement Points and Finishing Points.
8. A competitor who is designated in the official results as a non-finisher (DNF) will receive Starting Points and Placement Points only.
9. Placement Points are distributed using the SCORE Placement Points Chart.
10. DNF's are ranked within class based on their adjusted time to the furthest recorded checkpoint. For competitors not reaching first checkpoint, race operations and scoring will attempt to determine actual miles traveled. Teams not returning tracking devices within the time specified in event Race Briefing will only receive starting points.
11. Event point inquiries must be made within 30 days after points for each event are posted on official SCORE website.
12. To earn a 2015 SCORE World Desert Championship class title, all racers must run a minimum of four (4) SCORE 2015 events. The **BAJA 1000 is mandatory** as one of the four (4) races. For racers running four (4) events, total points from these four races will count towards the class championship. Competitors that run all five (5) events will have total points from their best four (4) races count towards the class championship.
13. In the event of a points tie for any class title, the competitor with the most first place finishes in the scored four races (See paragraph 12) will be declared the Class Champion. In the event that there is still a tie, the competitor with the most second place finishes in the scored four races (See paragraph 12) will be declared the winner. In the event that a tie cannot be resolved, the competitor with the best finishing position at the Baja 1000 will be declared the Class Champion.
