

Planning For Contingency at San Felipe 250

The SCORE San Felipe 250 is a 100% restricted access event. Contingency area will be just before Tech area. Important guidelines for registering your vehicle for possible contingency awards are listed below.

- **No manufacturer stickers will be available directly from SCORE at this race. It is your responsibility to secure the stickers that you need before this 2021 San Felipe 250.**
- Review the manufacturer Contingency Award List on our website to determine manufacturers participating in program.
- San Felipe 250 Contingency Declaration Form is posted on our website under both Contingency and San Felipe 250 logo. You must print and complete this document before arriving for San Felipe 250. Form must be kept with vehicle when entering Tech line.
- On the Contingency Declaration Form, check only the products that you have installed on your vehicle. Refer to Contingency Sponsor listings on website for participating manufacturers. Click on links below to view these documents.
- **IMPORTANT** - All manufacturer stickers for products you have installed on vehicle must be on vehicle before entering Tech line. Plan now for the stickers you need by contacting your equipment supplier for stickers you require.
- Sponsors including PCI Radios and Raceline Wheels will be located on contingency row. Stickers will be available for their products at their booth. BFGoodrich Tires stickers must be obtained in advance from your distributor.
- Your Contingency form will be collected when your vehicle reaches the tech area. Check that all information is complete on the form before entering Tech line.
- Take pictures of your vehicle with all stickers in place before entering the Tech line. Pictures may be requested by one or more contingency manufacturers as proof of compliance with their sticker requirements before honoring awards.

Reminder... Large SCORE International stickers (9"x3.5") must be clearly visible on both sides of vehicle to qualify for any possible awards. The large SCORE stickers for your race vehicle are included in the driver packet you receive in Registration.
